		<p>4 a) <b>Partnership with NGO</b> : The institution is dedicated to enhancing student's experience by providing opportunities for collaboration with diverse stakeholders, aimed at developing their skills and broadening their exposure. Recently we partnered with the NGO, Devisansthan to conduct progress, assessments of Government schools in the Nalagarh and Ramshehar regions of Solan District, Himachal Pradesh. In March 2024, 44 students from undergraduate and Post graduate courses of Political Science Department participated in this initiative, visiting Govt. schools to evaluate the academic progress of the students.</p> <p>Conducting progress assessment of educational institutions is crucial for shaping effective educational policies. Engaging college students in this process not only fosters their academic growth but also encourages collaborations among various stakeholders in the educational sector. This initiative represents a significant step toward inclusive academic development, as it brings together individuals and entities directly invested in the educational landscape.</p> <p>b) <b>Enterpreneurship Mela</b> : BBA department of the college has organized Entrepreneurship Mela. During this event the students has displayed the handmade products like chocolates, gift item, eatables and various games. The main motive of the mela was to develop the skill of business among the students and letting them know, what is important in their upcoming tasks.</p> <p>During the event, Principal Dr, Sapna Pandit was the chief guest. She visited the mela and motivated the students for their efforts. It was a great success. The students have sold many articles to the college staff and learn how to deal with the customers.</p> <p>c) Principal and Staff members of college made extraordinary efforts to convince industry persons for their contribution in developmental activities of institution. 8. Teachers' Special Innovative Ideas (Brief Description)		Our institution is committed towards qualitative teaching practices. In order to fulfill this objective, our teaching faculty is undertaking the following initiatives : a) Teachers are deeply committed to their teaching mission and our institution has adopted active learning approach of teaching. b) Special emphasis is given on student teacher interaction. c) We adopt reflective teaching method which is the self assessment process in teaching in which each teacher examines his pedagogy, articulates reasons and strengthens strategies and identifies area for revision and improvement. d) Blended teaching has been adopted by teachers, which is an important tool to enhance students motivation. After Covid era, this method of teaching became indispensable . e)We are also trying to create an environment for positive behaviour support which is a comprehensive evidence based proactive approach to behavioral support that enables chance of learning for students who have problematic behaviour . f) All the teachers are focusing on experiential learning which is a teaching method that involves student's learning through direct engagement with the subject matter through hand on experiences. it is also known as learning by doing or work based learning. 6) We at our institution, are adopting problem solving method of teaching. it is the process of identifying and existing problem deciding the best course of action in order to solve the problem and then find finally implementing it to solve the problem. 7) In addition to this, we are also practicing peer teaching method which is the collaborative learning strategy where the students teach each other sharing knowledge skills and experiences.	<b>05</b>	<b>05</b>
