Subject: Regarding proposal for Integrated Sports Complex, Government College Nalagarh

Respected Sir,

Jai Hind!

As per reference to the letter No. EDN-HE(9)2-1/2009 (Building) dated 14<sup>th</sup> January, 2025 received from your office regarding Rs. 15 crore will be provided for constructions of integrated sports complex at Government College Nalagarh ,District- Solan, HP.

In this connection, the proposal outlines the plan to establish an Integrated Sports Complex in Government College Nalagarh. The facility will cater to multiple indoor activities, promoting sports culture, health and community development. It aims to benefit athletes, students, and the general public. Current challenges faced by athletes and sports enthusiasts due to the lack of infrastructure will be addressed through this Sports Complex. The motto of Central Government policies for promoting sports (like Khelo India, Fit India Movement) will be fulfilled.

Our educational institution lacks a specific indoor sporting complex which creates major obstacles towards enhancing athletic development while reducing student participation in fundamental physical training. The lack of suitable sports facilities confines students from playing badminton, basketball, table tennis, wrestling, swimming and other sports when inclement conditions persist. Multiple barriers prevent students from obtaining necessary exercise routines and healthy lifestyle growth and block their athletic development & advancement. Such absence stalls the college from developing a thriving sport competitive culture along with its associated benefits.

The proposed indoor sports complex will resolve this essential requirement by giving students extra opportunities to play multiple athletic sports. The sports complex implementation will upgrade the student athletic abilities to compete across different national-level events starting from state and finally reaching the national level or even international. Further, investment in infrastructure will both boost complete student experience while raising the college position among athletic institutions across the country.

You are therefore requested to provide the following requirement under this Sports Complex.
