The students of Bsc I who failed even in Re-evaluation came to attend the class after two months of irregular teaching. To tackle the time lapse and course lag following steps were taken:

1. The students were given extra-classes and learning material.
2. Extra assignments were given so that the students would work extra and match up the other regular students.
3. Regarding their attendance - these students were asked to attend remedial classes.
4. To improve their performance mock tests were conducted.

ISSUE REGARDING SHORTAGE OF STAFF

In the academic session 2024-25, G.C. Nalagarh which has 4 regular posts of English, had only 2 teaching members. This created problems in time-table and course completion. To tackle this issue the classes of Bsc Med and Non Medical were merged so that the students do not suffer. This step proved beneficial as the posts were not filled up and still the course went as disbursement.

M. No. [ISSUE REGARDING SHORTAGE OF STAFF]

Due to shortage of staff in the year 2024-25, the students of B.Com 2nd Year were clubbed with my regular class of BAII Compulsory. This was done after no regular or contract staff joined in this session. Since students would suffer due to this shortage, it was decided that classes having same syllabi would be merged. This created issues regarding large number of students in one class and evaluation burden, however in the interest of the students this step was necessary to take.

ISSUE REGARDING MINOR-TESTS.

Some students from BA1st Year could not take their Minor Tests due to one issue or the other. Though some students did appear in late december to give their Re-tests but some students still missed the chance. For the benefit of such students, a chance was again given in Feb. 2025 because the assessment was to be updated. This chance benefitted the students in upgrading their marks for assessment purposes.
