Principal's Communiqué

Dear Aspirants

As we embark on another exciting academic year, I want to take a moment to reflect on the incredible journey we are all going to be part of. Each one of you is a vital member of our institution, bringing your unique talents, perspectives and energy,

Education is not just about books and exams it's all about personal growth, building character, and preparing for the future. Embrace every opportunity to learn whether in classroom, on the sports field, or through extracurricular activities, Remember that mistakes are not failures but stepping stones to success. Learn from them, adapt, and continue moving forward.

As you pursue your academic goals, I encourage you to foster a spirit of curiosity and creativity. Challenge yourselves to think critically, ask questions, and engage with your peers and teachers. Collaborations and support are keys to overcoming obstacles and achieving greatness together.

I also urge you to find balance. While your studies are important, so is your well being. Make time for hobbies, friendships, and self care. A healthy mind and body will enhance your learning and empower you to face challenges with resilience.

Lastly be kind and compassionate towards one another. A positive environment nurtures everyone's potential. Together, let us create a community where we uplift each other and celebrate our achievements, big and small.

We are here to support you in your journey. Let's make this year a memorable one filled with growth, learning, and joy. Believe in yourselves, work hard, and know that your dreams are within reach. Wishing you all a successful and fulfilling year ahead.

CHOICE BASED CREDIT SYSTEM (CBCS)

Government Degree College Nalagarh follows the Choice Based Credit System (CBCS) of UGC which has been approved by Executive Council of Himachal Pradesh University.

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising Core, Elective and Skill-based courses. The course can be evaluated following the Grading System, which is considered to be better than the conventional marking system. Therefore, it is necessary to introduce a uniform grading system in the entire higher education in India. This will benefit the students to move across institutions both within India and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in the evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Choice-Based Credit System

1. **Core Course :** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.
2. **Elective Course:** Generally, a course that can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline / subject of study or which provides an extended scope or which enables exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is

called an Elective Course.

Discipline Specific Elective (DSE) Course : Elective courses may be offered by the main discipline / subject of study referred to as Discipline Specific Elective (to be offered by main discipline / subject of study).

Dissertation / Project Work: An elective course of 6 credits designed to acquire special / advanced knowledge, such as supplement study/support study to project work, and candidate studies such a course on his own with advisory support by a teacher / faculty member is called dissertation / project work. A Project / Dissertation work may be given in lieu of a discipline-specific elective paper.

Generic Elective Course (GEC) : An elective course chosen generally from an unrelated discipline / subject, with an intention to seek exposure to other subjects / disciplines is called a Generic Elective Course.

P.S. : A core course offered in a discipline / subject may be treated as an elective by other discipline / subject and vice versa and such electives may also be referred to as Generic Elective.

3. **Ability Enhancement Courses:** The Ability Enhancement (AE) Courses may be of two kinds : Ability Enhancement Compulsory Course (AECC) and Skill Enhancement Courses (SEC).

AECC courses (two) are mandatory for all disciplines. These courses are based upon the content that leads to knowledge enhancement (i) Environmental Science, (ii) English / MIL Communication.

SEC : These courses are value-based and / or skill-based and are aimed at providing hands-on-training competencies, skill, etc.

Under Graduate Programme (Annual Pattern)

An Undergraduate program degree in Science may be awarded if a student completes 4 core courses in three disciplines of choice, 2 Ability Enhancement Compulsory Courses (AECC), minimum 4 Skill Enhancement Courses (SEC), 2 papers each from a list of Discipline Specific Elective papers based on the three disciplines of choice.

An Undergraduate program degree in Humanities / Social Sciences / Commerce may be awarded if a student completes 4 core papers each in two disciplines of choice, 2 core papers each in English and MIL (Hindi/Sanskrit) respectively, 2 Ability Enhancement Compulsory Courses (AECC), minimum 4 Skill Enhancement Courses (SEC), 2 papers each from a list of Discipline Specific Elective papers based on the two disciplines of choice, and two papers from the list of Generic Elective papers.

The Term '**Credit**' refers to the weightage given to a course, usually in terms of the number of instructional hours per week assigned to it. This explains why credit' is usually taken to mean 'credit hours'. For the purpose of credit determination, instruction is divided into three components:

LECTURES (L)- Classroom lectures of one hour duration.

TUTORIALS (T)- Special, elaborate instructions on specific topics (From Lecture) of one hour duration.

PRACTICALS (P) – Laboratory of field exercises in which the student has to do experiments or other practical work of two hour duration.

Each one of these components is considered as equal to one credit. One Lecture (L) as well as one Tutorial (T) of one hour a week is considered as one credit, whereas one Practical (P) of two hours a week is considered as one credit. The total weightage given to a course in terms of credits will be equal to L+T+P. This can be written in symbols as: $C = L + T + P$, Where, C is the credit weightage for a particular course.

Students Course wise Continuous Comprehensive Assessment (CCA) and Evaluation

All courses (Core, Compulsory, Elective, and GE courses) involve an evaluation system of **students** that has the following two components: -

(i) **Continuous Comprehensive Assessment (CCA): 30 Marks**

(ii) **End-Term Examination (ETE) : 70Marks**

Continuous Comprehensive Assessment (CCA): This would have the following components:

a) **Classroom Attendance** – Each student will have to attend a minimum of 75%

Lectures / Tutorials / Practical's. A student having less than 75% attendance will not be allowed to appear in the End-Term Examination (ETE).

Provided that exemption from 75% attendance will be given to those participating in prescribed co-curricular activities (e.g. NCC, NSS, Youth Festivals, Sports etc.) to the extent of 25% (making the necessary attendance as 50% in these cases). However, the claim for this exemption should be supported by authenticated certificate from the concerned college authorities.

Classroom Attendance Incentive : Those having greater than 75% attendance (for those participating in Co-curricular activities, 25% will be added to percent attendance) will be awarded CCA marks as follows: -

75% But < 80%	1 marks
80% But < 85%	2 marks
85% But < 90%	3 marks
90% But < 95%	4 marks
95%>	5 marks

- b) **Mid Term Test (MTT):** The Mid Term Test will be taken after completing at-least 40% of the syllabus and will comprise of 15 marks.
- c) **Assignment work / class test / seminar:** Students will submit assignments in the courses they are pursuing. They will also go through class tests and prepare for seminars as per the direction of the concerned teachers. This component will carry 10 marks.
